

PRODUCT INFORMATION

VALVOLINE™ 4-STROKE ATV ENGINE OIL

Valvoline 4-Stroke ATV Engine Oil is formulated with the highest quality basestocks and additives to provide protection to the engine. ATVs place demands on oil that automotive oils are not designed to handle. The wet clutch system, high torque and loads, and the extreme operating environments of ATVs require oil with special properties for proper performance and protection. **4-Stroke ATV** meets specific demands of ATV applications, providing the proper frictional properties for the wet clutch system, and the film strength for high running temperatures. **4-Stroke ATV** contains a proprietary blend of premium base oils and advanced additive technology for outstanding performance and corrosion protection to help owners to get the most from their ATVs.

Valvoline 4-Stroke ATV Engine Oil advantages:

- Extreme Condition Performance
- Wet Clutch Protection
- Maximum Horsepower
- Minimal Wear
- Excellent Corrosion Protection

Approvals and Licenses:

SAE 10W-40

Meets or Exceeds API SF/SG/SJ	X
Meets or Exceeds JASO MA	X
Meets or exceeds manufacturer's warranty requirements. Will not void warranties.	

Typical Properties:

SAE 10W-40

KV100 (cSt)	15.0
KV40 (cSt)	105.6
Viscosity Index	150
Density (lbs/gal)	7.28
CCS (cP @ °C)	<6200@-25°C
Pour Point (°C)	≤ -33 °C
TBN (meq KOH/g)	7
Zinc (ppm)	1020
Phosphorous (ppm)	930
Sulfated Ash (mass %)	0.80
Noack (% loss)	14.0

Effective Date:
6/30/21
